ETFs: Myths vs Reality

A review of UK investor opinion on ETFs, based on research conducted by IFI Global

IFI Global has conducted extensive one-on-one interviews with a cross-section of investors ranging from institutional pension funds to IFAs, both users and non-users of ETFs.

IFI Global believe this is one of the UK's most comprehensive surveys assessing professional investors' opinions about ETFs in recent years.

Join us on **Tuesday 21st February, 2012** for a **live interactive webcast debate** hosted by Amundi ETF, **featuring speakers from IFI, Amundi and the UK investment community.**

Participants are welcome to attend the event in person at Amundi's London offices:
